

TIC-TAC-TOE Q&A

Pre-game Instructions: Draw the figure below on the board. Divide the class into two (2) groups and label the first group as **Player 1**, and the second group as **Player 2**. Any student from each group can raise their hand to try and answer. Whoever raises his/her hand first, will be the one who gets a turn. Each student cannot answer more than once

Game Instructions: The game is played similar to a regular game of Tic-Tac-Toe but with three (3) players. The instructor will ask a question to **Players 1** and **2**. If **Player 1** gets it correct, s/he can draw a "O" figure on the board. If **Player 2** gets it correct, s/he can draw a "Δ" figure on the board. If neither player gets it correct, the instructor (labeled as **Player 3**) will answer the question and draw a "x" on the board. Keep playing until a group gets three (3) of their figures in a row/column/diagonal.
